

Application to surrender lump sum in exchange for an increased pension

Inverse Commutation provides for two options:

OPTION A to surrender part (or all) of your lump sum in exchange for an increase in your own pension only.

OPTION B to surrender part (or all) of your lump sum in exchange for an increase in your own pension and also an increase in the pension which would be paid on your death to your spouse or civil partner. (This applies only to the wife or husband to whom you are married or a registered civil partner at the time you sign this form. In the event of your marriage or civil partnership coming to an end, no adjustment will be made to your own pension or lump sum.)

You cannot opt to increase only the pension which is payable to your spouse or civil partner.

If you wish to elect for Option A or Option B please return this completed form to JSS as far in advance as possible of either your last day of service or the date on which your preserved award is due to come into payment. If you do not return this form until shortly before your award is due, payment of your benefits may be delayed.

You should be aware that an option will not be allowed if it is made after your benefits have come into payment.

If you have any queries please do not hesitate to contact JSS.
